## Upper Gastro-Intestinal Multidisciplinary Team

Pilgrim Hospital

[www.ulh.nhs.uk](http://www.ulh.nhs.uk)

This leaflet aims to tell you about the team of professionals who will be providing treatment and care for you and your family. We are the Multidisciplinary Team (MDT).

We aim to provide the highest possible standard of care and support for you.

We are a group of professionals who meet weekly to diagnose your illness, discuss treatment options and make treatment plans.

Treatment may take place at Pilgrim, Lincoln County Hospital or in Nottingham at Nottingham City Hospital or Queens Medical Hospital. Key members from each of these centres are present every Monday afternoon when important decisions are made.

Each patient is different, has different needs and has an individualised care plan with the patient as an integral part of the team.
