### **Stephanie Palmer**

Specialist Nurse/Key Worker

This team meets weekly to discuss new patient diagnosis, treatment plans and to review individual progress. They aim to provide the highest possible standard of care and support for you and your family.

The team works closely with Nottingham Cancer Centre and Lincoln County Hospital, who may be invited to discuss your illness, if it is believed that this will benefit your progress.

In certain cases, your care may be transferred to one of the Gynaecologists at the Cancer Centre if this is thought to be in your best interests. These clinicians have outpatient clinics at Lincoln County Hospital, although any surgery undertaken would be at Nottingham City Hospital.

If this is the case it will be discussed with you prior to referral.
